

Specific Program Document (“License SPD”)

1. CA Europe s.a.r.l. (“CA”) licenses to Customer the CA software program(s) listed below under the following terms and conditions. By using the CA Software, Customer confirms that Customer has read and agreed to these terms. “Customer” means the legal entity being granted the license to the CA Software under this License SPD, also referred to as “Client”, “Customer” or “Licensee”. “CA Software” means the program(s) licensed under this License SPD, and any fixes, patches, updates, upgrades, or other software provided to Customer as part of Maintenance. “Maintenance” means the maintenance and support services provided to Customer by the entity from which Customer has purchased the CA Software.

2. Program Name: CA Process Automation

3. Specified Operating Environment

The CA Software's specifications and specified operating environment information may be found in the Documentation accompanying the CA Software, if available (e.g., a user manual, user guide, or readme.txt or notice.txt file). “Documentation” means (a) with respect to CA Software: only standard specifications, user documentation, and technical manuals and guides provided with the CA Software (some or all of which may be in English only) and (b) with respect to Maintenance and warranty support: CA’s external policies covering the scope and nature of Maintenance and warranty support available to CA customers can be found at <http://www.support.ca.com>.

4. Licensing Model

CA Software means the CA Process Automation software described herein in object code form only.

“Agent” means a single installation of the agent software component of the CA Software on a specific operating system which can be identified as a unique host identification on a physical or virtual hardware server.

“Orchestrator” means a single installation of the Orchestrator software component of the CA Software on a specific operating system which can be identified as a unique host identification on a physical or virtual hardware server. This installation can be a stand-alone Orchestrator or as a node of a new or existing clustered Orchestrator.

“Connector” is the software program connecting the CA Software with specific named third party software or other CA software. For example, CA Process Automation Connector For CA Service Desk connects CA Process Automation with CA Service Desk. Each Connector may only be used to connect the CA Software with the specific named third party software or CA software program.

“Premium Connector” means a Connector identified as “Premium” by CA.

“Custom Operator” means a type of automation object within the CA Process Automation Orchestrator that can be created to enhance, modify, or restrict the capabilities of an existing “Connector”.

“Process” means a type of automation object within CA Process Automation Orchestrator that contains connectors and other logical constructs that define a set of actions that will take place when the “Process” is executed by the Orchestrator.

“Process instance” means a single copy of a Process definition that has been scheduled to run (Queued state), is running (Running state), or has completed running (Failed or Completed state) on a particular “Orchestrator”.

“Concurrent Processes” means the number of CA Process Automation Process instances that are marked in the Running state within an Orchestrator at any given time.

“Power Pack” means a combination of Process definitions, Premium Connectors, Custom Operators and other automation objects that are packaged together to implement a specific solution.

The CA Software is licensed in different editions, which authorizes the use of the specified number of Orchestrators, Agents, Connectors, and Concurrent processes (the "Authorized Use Limitation"). The various editions are:

- CA Process Automation Player License includes: one Orchestrator, forty Agents, all non-Premium Connectors, and two hundred Concurrent Processes per Orchestrator. This license requires the purchase of either a "Power Pack" or a Services contract for the implementation of a solution that will be executed by the Player. No new automation objects may be created with the Player License. Only modifications of the purchased Power Packs and any Services delivered content is allowed.
- CA Process Automation Express License includes: two Orchestrators, forty Agents, all non-Premium Connectors, and seventy-five Concurrent Processes per Orchestrator.
- CA Process Automation Standard License includes: two Orchestrators, unlimited Agents, three Premium Connectors, all non-Premium Connectors, and two hundred Concurrent Processes per Orchestrator.
- CA Process Automation Enterprise License includes: unlimited Orchestrators, unlimited Agents, twenty Premium Connectors, all non-Premium Connectors, and four hundred and seventy-five Concurrent Processes per Orchestrator.
- CA Process Automation Level 1 Orchestrator includes: one Orchestrator and seventy-five Concurrent Processes per Orchestrator.
- CA Process Automation Level 2 Orchestrator includes: two Orchestrators and two hundred Concurrent Processes per Orchestrator.
- CA Process Automation Level 3 Orchestrator includes: three Orchestrators and four hundred and seventy-five Concurrent Processes per Orchestrator.
- CA Process Automation Premium Connector License includes the right to use a Premium Connector to connect to a single instance of the target application or system.
- CA Process Management for Workflows License includes: unlimited Orchestrators, five Agents, and three Custom Operators. No Premium connectors are available for purchase with this license. The only CA product connectors that are available are those associated with the product(s) providing the entitlement. This is a limited use entitlement and its use is restricted to the context of Workflows associated with the CA product(s) providing the entitlement. The component limits are not cumulative across multiple instances of the license at any individual customer.

The number of concurrent processes executing on any licensed Orchestrator may be exceeded as long as the total number of concurrent processes executing on all licensed Orchestrators is not exceeded. For example, if the license is for two Orchestrators with seventy-five Concurrent Processes per Orchestrator, one hundred Concurrent Processes could be utilized on one Orchestrator so long as only fifty Concurrent Processes are utilized on the second Orchestrator.

5. Licensing terms

5.1. License grant. The license granted to Customer is a limited, non-exclusive, non-transferable and territory wide license. The "Territory" is specified in the applicable order form, in the section entitled "Territory". Customer's use of the license shall extend to use by Customer and Customer's Authorized End Users. 5.3. Use Prohibitions. Except as expressly authorized by this License SPD, Customer may not: (a) copy, reproduce, distribute or disclose the CA Software, provided that Customer may make a reasonable number of copies of the CA Software for bona fide “cold standby” disaster recovery, backup and archival purposes and may use such copy for reasonable testing and in the event of a bona fide disaster recovery event. Maintaining copies of the CA Software in a “hot standby” environment or further or additional use of the CA Software for disaster recovery, backup or archival purposes shall be subject to payment by Customer of the applicable fees to CA; (b) modify, unbundle, or create derivative works of the CA Software; (c) rent, sell, lease, assign, transfer or sublicense the CA Software or use the CA Software to provide hosting, service bureau, on demand or outsourcing services for the benefit of a third party; (d) remove any proprietary notices, labels, or marks on or in any copy of the CA Software or Documentation or any CA Software or materials in which the CA Software or Documentation or portions thereof are embedded; (e) use the CA Software in any manner that exceeds or is broader than the uses licensed to Customer; or (f) reverse assemble, decompile, reverse engineer or otherwise translate the CA Software, except to the extent specifically permitted by applicable law without the possibility of contractual waiver. Customer agrees to export, re-export or import CA Software only in compliance with such laws and controls.

6.2. Applicable Law. Both Customer and CA consent to the application of the same laws as are applicable to the contract through which Customer purchased the license of the CA Software to govern, interpret and enforce this License SPD without regard to conflict of law principles. The United Nations Convention on Contracts for the International Sale of Goods will not apply to this License SPD.

6.3.1. Except for death or personal injury caused by the negligence or willful default of CA, and subject to Sections 6.3.2 and 6.3.3, CA's liability to Customer for direct damages, loss or liability for any cause whatsoever, except as otherwise stated in this Section 6.3, and regardless of the form of action will be limited to the total amount of fees paid by the Customer solely for the specific CA Software that caused the damage or gave rise to the cause of action, with the exclusion of any Maintenance fees.

6.3.2. CA's liability for damage to tangible personal or real property due to the negligence of CA shall be limited in aggregate to the sum of US\$500,000 per event or series of related events.

6.3.3. THE REMEDIES PROVIDED IN THE AGREEMENT ARE THE EXCLUSIVE REMEDIES OF THE PARTIES. IN NO EVENT SHALL CA BE LIABLE TO CUSTOMER OR ANY OTHER PARTY, WHETHER IN CONTRACT OR TORT, OR OTHERWISE FOR ANY INCIDENTAL, INDIRECT, PUNITIVE, EXEMPLARY, SPECIAL, CONSEQUENTIAL OR UNFORESEEABLE LOSS, DAMAGE OR EXPENSE, LOSS OF PROFITS, LOSS OF BUSINESS, LOSS OF OPPORTUNITY, LOSS OR CORRUPTION OF DATA, HOWEVER ARISING, EVEN IF ADVISED OF THE POSSIBILITY OF SUCH LOSS OR DAMAGES BEING INCURRED.

6.4. Warranty.

6.4.1. CA warrants to Customer that: (a) it has the authority to grant Customer the rights and licenses mentioned herein and (b) for the period of 30 days after delivery of the CA Software and subject to the CA Software being used in an operating environment stated in the Documentation as supported by CA, the

CA Software will materially conform to the specifications in the Documentation for such CA Software. 6.4.3. THESE WARRANTIES ARE CUSTOMER'S EXCLUSIVE WARRANTIES AND REPLACE ALL OTHER WARRANTIES OR CONDITIONS, EXPRESS OR IMPLIED, INCLUDING, BUT NOT LIMITED TO, THE IMPLIED WARRANTIES OF SATISFACTORY QUALITY, NONINFRINGEMENT AND FITNESS FOR A PARTICULAR PURPOSE. CA DOES NOT WARRANT THAT THE CA SOFTWARE WILL MEET CUSTOMER'S REQUIREMENTS OR THAT USE OF THE CA SOFTWARE WILL BE UNINTERRUPTED OR ERROR-FREE. SOME STATES OR JURISDICTIONS DO NOT ALLOW THE EXCLUSION OF CERTAIN EXPRESS OR IMPLIED WARRANTIES, SO THE ABOVE EXCLUSION MAY NOT APPLY TO CUSTOMER. IF PERMITTED BY APPLICABLE LAW: SUCH WARRANTIES ARE LIMITED IN DURATION TO THE WARRANTY PERIOD SPECIFIED FOR THE SUBJECT CA SOFTWARE. NO WARRANTIES OF ANY KIND APPLY AFTER THAT PERIOD. SOME STATES OR JURISDICTIONS DO NOT ALLOW SUCH LIMITATIONS SO TO THAT EXTENT THE FOREGOING LIMITATION MAY NOT APPLY TO CUSTOMER. If Customer claims under this warranty section, Customer is not entitled or eligible to seek for the same warranty remedies from any other party under any another warranty provision.

6.5. Ownership and Proprietary Information. Title to, ownership of, and all rights in the intellectual property, including but not limited to patents, copyrights, trademarks, and trade secrets in the CA Software and Documentation, any derivative works thereof, and any goodwill accruing from the use of such CA Software and Documentation, belong exclusively to and shall remain with CA and/or its licensors. Customer shall not make available or disclose such intellectual property to any third parties except as expressly permitted by this License SPD, and shall take appropriate action, including by instruction or agreement with Customer's employees who are permitted access to such information, to satisfy Customer's obligations hereunder.

6.6. Assignment. Customer may not assign the License SPD, the use of any CA Software or Customer's rights and obligations under the License SPD without the prior written consent of CA. The License SPD shall be binding on the parties and all of their respective successors and assigns. CA may assign the License SPD by written notice to Customer.

6.7. Termination. CA Europe Sarl may terminate the present License SPD as well as revoke the license hereby granted in the event of a breach by Customer and/or Customer's Authorized End Users of this License SPD and/or the agreement under which Customer has purchased the CA Software and/or applicable Maintenance.
